DECLARATION OF NICHOLAS KLONOSKI

1. During the 2006 general election campaign I served as a Field Director for the Arizona Democratic Party ("ADP"). In that capacity I supervised the production and distribution, by volunteers, of the three mail pieces attached to the complaint in the above referenced Matter Under Review.

2. In that regard, I was responsible for recruiting and providing the ADP with volunteers to assist in the production of mailings undertaken by the ADP on behalf of the Democratic nominee for the Fifth Congressional District of Arizona, Harry Mitchell.

3. Each mailing referenced in the complaint involved the use of volunteers to assist in the production of the mailings. Volunteers fed pre-printed mail pieces into a machine that laser printed the addresses onto each mail piece. As each piece came off the machines, they were sorted and banded by volunteers into batches using rubber bands and placed into bags by zip code. The volunteers then placed the proper zip code labels on the bags and tagged them as priority/political mail. After the mail was placed into bags, volunteers placed the mail into crates in preparation for transport to the post office.

4 Although volunteers were available to transport the mail pieces to the post office, representatives of the mailing house utilized by the ADP informed the ADP that volunteers would be prohibited from doing so for insurance and legal reasons

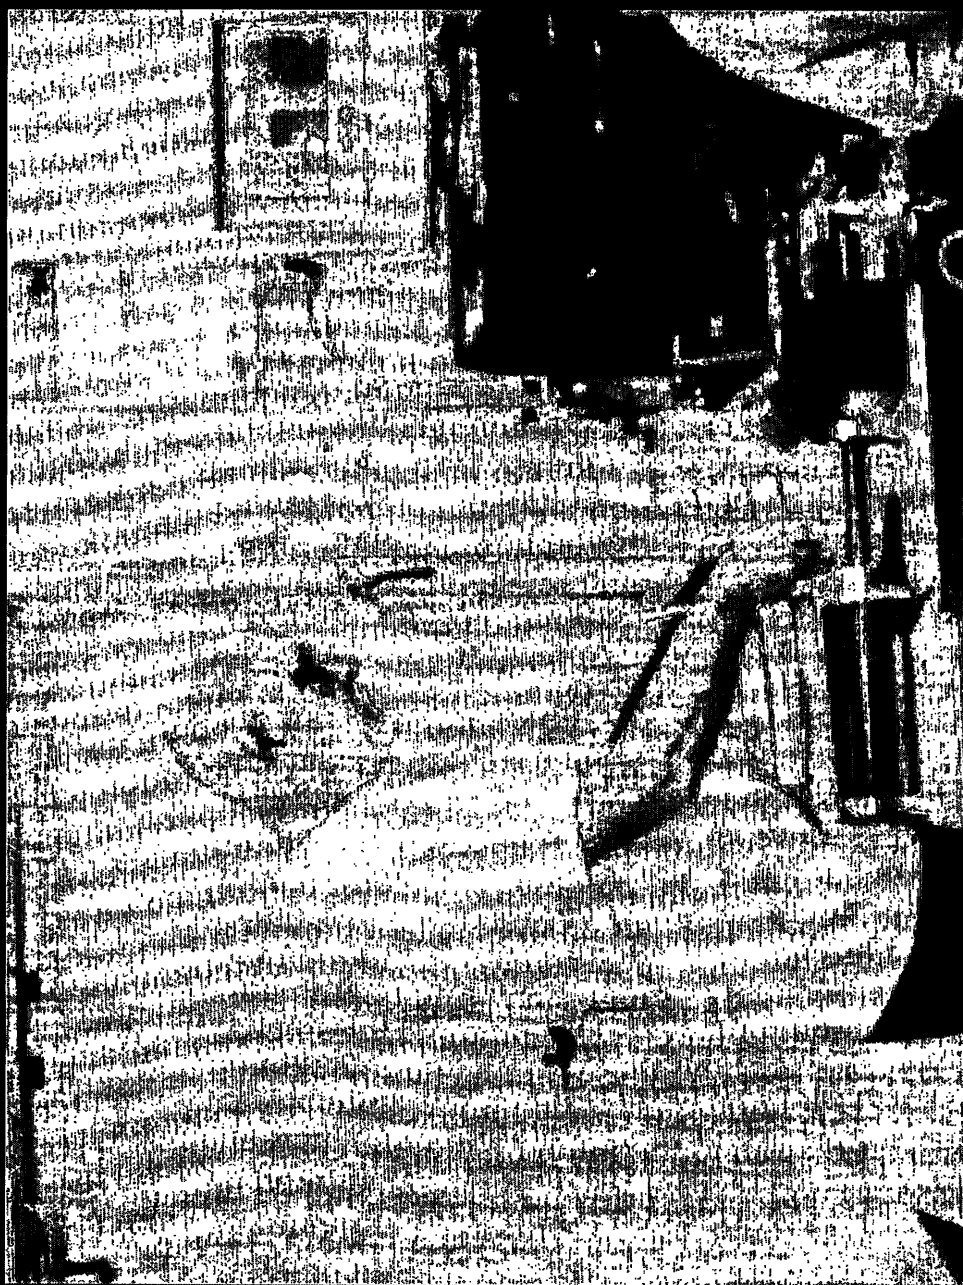

I declare under penalties of perjury that the foregoing is true and correct to the best of my present knowledge, information and belief. Dated this 14th day of December, 2006
